7. **Public Comments and Questions:** DATA CENTERS

Discussions included mirroring either Harborcreek's Ordinance or Erie County's. Harborcreek's was the favorable choice.

Talks also included possibly scheduling a special meeting between Council and Planning which would include guests to educate us on the Pros and Cons of Data Centers within our community.

It was decided to recommend putting an Ordinance on the books right away and then amending it later as we become more educated on the matter, giving the Township protection against a Data Center coming into the area without an Ordinance to govern it.

8. **Adjournment:** A motion by Lee Rexrode to adjourn at 8:21 P.M. was seconded by Susan Flanagan
Motion Carried Unanimously.
